INTRODUCTION

THIS volume is the sixth and last in the series of lists of Lancashire wills proved in the Archdeaconry of Richmond. The first four portions, all edited by the late Lieut.-Colonel Henry Fishwick, F.S.A., are 1457-1680 (vol. 10), 1681-1748 (vol. 13), 1748-1792 (vol. 23) and 1793-1812 (vol. 66). The fifth portion, edited by the writer, covered the period 1813-1837 (vol. 99) and the present volume completes the probate records for the remaining life of the Court.

In 1857 an Act of Parliament abolished the ecclesiastical Courts of Probate and transferred the powers of proving wills and issuing administrations to the High Court of Justice; it came into operation early in 1858. From that date, annual calendars of all wills proved and administrations granted throughout England and Wales, have been printed.

The present list, covering the period 1838 to 1858, has been compiled from the Act Books only; it includes all wills filed in the Deaneries of Amounderness and Furness, together with those wills in the Kendal and Lonsdale Deaneries which relate to Lancashire estates. As was the case with the previous volume, minor variants in surnames have been grouped together, ignoring strict alphabetical order. Other variants, differing more widely in spelling, are cross-referenced. The abbreviations used are listed immediately after this introduction. Indexes of places and occupations have again been provided and call for no comment, with the possible exception of the occupation "warrener" which sounds like a survival from earlier times.

As an appendix, is given a list of Lancashire wills which are not recorded in the printed indexes of those proved at either Chester or Richmond, and which are now to be found among the records deposited in the Lancashire Record Office. They are drawn from three sources : (a) wills which are to be found among the deposited collections of private or family muniments, (b) wills of Roman Catholics which were enrolled with the Clerk of the Peace under the Act of 3 George I, c. 18 (1717) and (c) wills which in the course of sorting the collection of probate records formerly at Chester and now in the Lancashire Record Office have come to light although not included in the printed indexes. The wills in the first category are often only draft wills or copies and do not bear the seal and act of probate. In exceptional cases the original will survives together with papers clearly showing that its provisions were acted upon without a grant of probate. As there are new accessions to the records in the Lancashire Record Office from time to time and as the checking of the probate records there against the printed indexes is not completed, this list does not exhaust the wills so far unrecorded.

The thanks of the Record Society are due to Lord Merriman, President of the High Court of Justice (Probate, Divorce and Admiralty Division) for permission to publish this list. The editor wishes to record his thanks to the Lancaster District Registrar, Mr. W. Bushby, and the Chief Clerk, the late Mr. T. Richardson, for their kindness and assistance during his work at Lancaster; also to the staff of the Lancashire Record Office, who, to a large extent, have compiled the Appendix.
