## PREFACE

This volume contains Part I, (A—L) of an Index to the Wills proved, Administrations granted, Inventories filed, and other kindred documents preserved in the Probate Registry at Chester during the years 1811 to 1820, both inclusive. It is, therefore, a continuation of the Index (1801-1810) contained in Volumes 62 and 63 of the Society's publications.

As a general rule, the MS. Index at the Registry has been followed, but where further research has revealed inaccuracies, the necessary corrections have been made. Similarly, obscure place-names have been elucidated in several instances by reference to the Wills themselves.

An innovation in this Index, simplifying the printing, is that "Infra" Wills (those in which the personalty was under £40) are merely marked with an asterisk at the end of the entry. In the preceding Index, the entire entry was printed in italics.

The period covered by the present Index is of special interest in regard to the Wills of the founders of families connected with the new factory-system of industry, which superseded the hand-loom and many other forms of manual production.

The initial work of preparing the slips was carried out by Mr. W. H. Price, of 10 Chapel Terrace, Chester. Valuable assistance has been rendered by the President of the

Society and the Hon. Secretary, who have been good enough to read the proofs throughout, and to advise frequently on matters of difficulty. The Editor also desires to acknowledge the services rendered by his youthful, but enthusiastic assistant, Leonard N. Parkin.

The grateful thanks of the Society are due to the President of the Probate, Divorce and Admiralty Division, and also to A. H. Edwards Esq., Registrar of the District Probate Registry at Chester, for enabling the Society to continue the Index to the year 1820.

The following explanations of certain technical terms and abbreviations may not be superfluous:—

“*Infra*” Wills—Wills in which the personalty is under £40. Marked here with an asterisk at the end of the entry. Such Wills form a separate series at the Registry.

“*Supra*” Wills—Wills in which the personalty is £40 or more. These are the ordinary entries. Sometimes an “*Infra*” Will, by subsequent accretions, becomes a “*Supra*” Will, and is transferred to that series.

A. or Admon.—Administration.

C. or C's—Codicil or Codicils (a Will being implied).

I. or Inv.—Inventory.

L. or Ld.—Limited.

T.—Testament (or Will).

Tuit. or Tuon.—Tuition.

W.—Will.

w.—with. For example, A.w.T. means—Administration with Testament (or Will) annexed; A.w.T. & C. means—Administration with Testament (or Will) and one Codicil annexed.

\*—An asterisk at the end of an entry indicates an "Infra" Will (see "Infra" Wills, above).

P.R. followed by the date, signifies that a subsequent grant was made on that date out of the Principal Registry at Somerset House, London; the Will having been originally proved in the Consistory Court at Chester.

WM. ASHETON TONGE.
